Functional Problems

1)

The cost of hiring a boat is:

£ 4.50 for the first hour and then

£ 2.50 for each hour after that.

Vicky and her friends want to hire a boat.

They can afford £ 12 at most.

How many hours can they hire a boat for?

2)

Rulers cost 45p each.

Pens cost 35p each.

Danielle bought four rulers and a bunch of pens.

She paid with a £5 note and received 40p change.

How many pens did she buy?
